

Pankaj Kurade

Software Engineer, Poel Technology Pvt Ltd. *Bangalore*

Profile summary

With 1.9 years of experience collaborating on multiple web-based projects, I am proficient in building single-page applications using Angular with a focus on responsiveness. As a certified application developer, I specialize in various technologies, including Angular, JavaScript, TypeScript. I take pride in my ability to work independently and as part of a team, always striving to deliver the best possible results for every project.
